AEROGUARDCYBER DEFENSE LLC

CMMC Readiness & Penetration Testing for the Defense Industrial Base

BUSINESS INFORMATION

UEI: RGE3CANW2X43
CAGE Code: 17N70
Business Type: Small Business | Minority-Owned | LLC
Location: Yukon, Oklahoma

PRIMARY NAICS

541519 – Other Computer Related Services

SECONDARY NAICS

541690 – Other Scientific and Technical Consulting Services
541512 – Computer Systems Design Services
541511 – Custom Computer Programming Services

TECHNICAL QUALIFICATIONS:

- CMMC Registered Practitioner
- CMMC Registered Practitioner Advance
- CompTIA Security+
- CompTIA PenTest+
- INE eJPT (Junior Penetration Tester)
- INE WPTX (Advanced Web Application Penetration Testing)

WHO WE ARE

AeroGuard Cyber Defense LLC is a U.S.-based cybersecurity AeroGuard Cyber Defense LLC is a U.S.-based cybersecurity firm specializing in **CMMC Level 2 readiness, NIST SP 800-171 validation, and offensive security testing** for Defense Industrial Base (DIB) contractors.

We support organizations preparing for DoD cybersecurity requirements by combining compliance-driven validation with real-world technical security assessments.

CORE COMPETENCIES

1. **CMMC & NIST 800-171 Support**
   CMMC Level 2 readiness assessments
   NIST SP 800-171 gap analysis & control verification
   Technical validation of implemented safeguards

2. **Penetration Testing & Risk Validation**
   Web application & API testing
   Internal & external network penetration testing
   Cloud security assessments

3. **Security Architecture & Secure Development**
   Security architecture reviews
   Secure SDLC validation
   Actionable remediation reporting

DIFFERENTIATORS

• Defense Industrial Base Focused
• Compliance + Offensive Security Integration
• Standards-Aligned (NIST 800-171, CMMC, OWASP, PTES)
• Independent & Vendor-Neutral
